Since January 2013, Rep. Maloney Has Authored and Passed 29 Bills Through the House of Representatives, 17 of Which Have Become Law

- **The Disabled Veterans Red Tape Reduction Act, included in the VA Expiring Authorities Extension Act of 2013.** Signed into law in December 2013, the bill enables the VA to use contract physicians to conduct medical disability exams in order to help alleviate the current backlog at the VA.
- **The Dam Safety Act, included in the Water Resources Reform and Development Act.** Signed into law in June 2014, the bill reauthorizes the National Dam Safety Program and provides infrastructure investment funds for states to use in conducting dam inspections, purchasing equipment, and developing Emergency Action Plans.
- **The Creating Reliability for Our Producers (CROP) Act, included in the Farm Bill.** The best ever Farm Bill for the Hudson Valley includes Rep. Maloney's bipartisan, budget neutral CROP Act, which reforms the specialty crop insurance program by investing in the development of new and improved plans that better protect small, diversified family farms.
- **Support for Farmers in Black Dirt Region.** To address local flooding issues in important agricultural areas of Orange County, the Farm Bill, which was signed into law in February 2014, includes language secured by Rep. Maloney to require the Secretary of Agriculture to work with producers whose operations contain muck soils, like those in the Hudson Valley.

Rep. Maloney Legislation Passed into Law

- **FERC Accountability Act, included in the Fiscal Year 2015 Omnibus Appropriations Act.** Signed into law in December 2014, the Federal Energy Regulatory Commission (FERC) will now be accountable to ratepayers in the Hudson Valley. FERC will be required to report quarterly on actions and costs to consumers related to the new capacity zone in New York's Hudson Valley.
- **Rail Safety Enforcement Act, included in the Fiscal Year 2015 Omnibus Appropriations Act.** Signed into law in December 2014, the Federal Railroad Administration will now be required to review current implementation of Positive Train Control (PTC), which is a simple wifi and GPS technology that helps control the speed of trains.
- **Monroe Post Office.** Signed into law in December 2014, the post office in Monroe, NY will be renamed to honor a local hero, Gregg Wenzel, who lost his life in service to his country. This is the first Post Office in the nation to honor a fallen officer of the Central Intelligence Agency (CIA).
- **Critical Support for Highland Falls Schools, included in the Fiscal Year 2015 National Defense Authorization Act (NDAA).** Signed into law in December 2014, this fixes an artificial cap that prevented Highland Falls-Fort Montgomery School District from getting its full share of aid and was shortchanging the school district by approximately \$2 million a year.

Rep. Maloney Legislation Passed into Law

- **Military Construction Investment for Army Reserve Center and Barracks at West Point.** As part of both the 2014 and 2015 Appropriations Acts, this bill invests \$100 million in construction of new cadet barracks at West Point and builds a new training center for the Army Reserve in Bullville, NY.
- **The Disabled Veterans Red Tape Reduction Act, included in the VA Expiring Authorities Extension Act of 2015.** Signed into law again in September 2015, the bill enables the VA to use contract physicians to conduct medical disability exams in order to help alleviate the current backlog at the VA.
- **The Human Trafficking Prevention Act of 2015.** Signed into law in May 2015, the bill expands minimum training procedures for high ranking Foreign Service Officers and government personnel in order to curb human trafficking at its source and take action before people are trafficked across international borders into the United States.
- **The Safe Bridges Investment Act of 2015.** Signed into law in December 2015, the bill provides counties and municipalities with the funds they desperately need to fix their aging and deficient bridges by opening up billions of dollars in federal highway funds for New York.
- **The Highway-Rail Grade Crossing Safety Act of 2015.** Signed into law in December 2015, the bill reauthorizes the Rail Line Relocation and Improvement Capital Grant Program (RLR) which helps states and communities make safety upgrades at dangerous highway-rail grade crossings.

Rep. Maloney Legislation Passed into Law

- **The Passenger Train Derailment Prevention Act of 2015.** Signed into law in December 2015, the bill requires passenger railroads and freight lines on which passenger rail travels to identify high-hazard curves, like those involved in the Spuyten Duyvil and Philadelphia train derailments, and take actions to enhance safety through modification of existing ATC or other signal systems, increasing crew size, installing signage at those locations, installing of alerters in cabs, and increasing crew communication.
- **The Wounded Warrior Employment Improvement Act.** Signed into law in December 2015, the bill lowers the unacceptably high unemployment rate of combat disabled veterans by reforming the VA's Vocational Rehabilitation and Employment Program. The bill is supported by the Wounded Warrior Project, the American Legion, the VFW, the IAVA, VetsFirst, Paralyzed Veterans of America and the American Federation of Government Employees (AFGE).
- **Public-Private Partnership Infrastructure Investment Act of 2015.** Signed into law in December 2015, the bill modernizes and improves coordination between the government and private sector by creating an office within the U.S. Department of Transportation (U.S. DOT) to serve as a one-stop shop to assist states and municipalities in utilizing public-private partnerships (P3s) to improve and invest in their critical infrastructure at a lower cost to the taxpayer.
- **Hudson River Valley National Heritage Area, included in the Fiscal Year 2015 National Defense Authorization Act (NDAA).** Signed into law in December 2014, the Hudson River Valley National Heritage Area, key to regional tourism, will continue operating and can continue to access matching federal funding for projects in the area.
