Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the City of Poughkeepsie Market Street Connectivity Project in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Poughkeepsie and the project is located at 62 Civic Center Plaza, Poughkeepsie, New York 12601.

The funding will create a local street network in Poughkeepsie by making significant improvements to a three-block corridor, one of the busiest pedestrian areas in the city.

The project is an appropriate use of taxpayer dollars and is anticipated to make access to and through the city center easier and safer for motorists, pedestrians, bicyclists, transit users, and persons with limited mobility. This will make transit in Poughkeepsie a more viable and enjoyable experience.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Sean Patrick Maloney
Member of Congress
